

Nature's Goodness Packed with Care

## VISION

Our vision is to become a name to reckon with in the food and beverages industry by remaining focused in fulfilling our promises as we believe, if its worth doing something its worth doing it right. On vision column please add the range of our products will be available on national level. Also mention the state of art of manufacturing unit at basic on the column of about the company.

## MISSION

Our mission is to win the confidence of each and every customer through our core values of innovation, integrity and commitment offering better quality products produced with exemplary food safety standards.

## ABOUT THE COMPANY

is a startup committed to carve a niche for itself in the food processing industry, one of the most vibrant and promising sectors in business today, with ambitious business targets in the domestic market coupled with exports to South Africa, Middle East, Europe and North America.

The Rs. 4000 billion processed food market in india has been growing at an approximate rate of 7% a year. The Indian middle class spends an estimated around Rs. 700 billion annually on food and groceries alone. The ready to eat segment is growing faster with improved technology and lifestyles which is why the government has classified Food Processing Industry as a thrust area. Of the total production of fruits and vegetables, a mere 2.2% is processed which is far too low in comparison with countries worldwide. The government has drawn elaborate targets under its national policy aiming at increasing annually the level of food processing to 25% by 2025.

has in the first phase come up with Litchi Juice in Beverages category. Mango Fruit Drink and Nutrient Water is due to be launched shortly. In the food segment there is Tomato Ketchup, Green Chilli Sauce, Continental Sauce, Soya Sauce and White Vinegar. An exclusive range of Chutneys and Pickles will shortly be added to the product range. Every product is made with garden fresh vegetables and fruits, other choicest ingredients processed under stringent quality control measures to offer unmatched taste, nutritional value and assurance of good health.
